

Welcome to RD Aesthetics

RD Aesthetics are GMC registered medical doctors who provide a range of anti-ageing treatments. Our doctors are aesthetically trained and are also members of the Royal College of General Practitioners.

Our aim is to provide beautiful, natural-looking enhancements that make clients feel at their best – sometimes enhancing what nature has already provided, sometimes restoring features that have altered over time. Consultations with our friendly, discreet doctors are always free of charge and, of course, confidential. Aesthetic treatments should not be obvious! You should look 'fresh' and 'well' – not 'done'.

With over 30 years' combined experience working at the heart of the NHS, your health and safety is our number one concern. All treatments are provided by our two doctors, Dr Rachel and Dr Daniel. With clinics based in Heswall and Liverpool we offer free no-pressure consultations and after-care follow up is standard on all our treatments.

Visit www.rdaesthetics.co.uk to see a full list of the treatments on offer at RD Aesthetics.

If you have a query or would like to make an appointment please call us on 0151 342 9665 or feel free to email us at info@rdaesthetics.co.uk.

“I look tired...I want to look a bit fresher”

We will work with you and do a full facial assessment to help decide which treatments might benefit you. We are sensitive to people's budgets and can discuss treatments being done in stages if desired.

“I don't want anyone to look at me and think I've had anything 'done'”

Neither do we! We would be mortified if anyone left our clinic looking anything other than natural and fresh - the whole point of aesthetic treatments is that they should enhance beauty and/or restore what has been lost over time - we have no desire to create the odd appearances that can sometimes be associated with aesthetic treatments.

- Anti-wrinkle injections from £150
- Deep lines such as nose to mouth and mouth to chin lines
- Lip restoration/enhancements
- Cheek restoration/enhancements
- Under eye hollows
- Non-surgical nose job (lasts up to 18 months)
