## Traditional Chinese Medicine in West Kirby

Conrad Nix's interest in Traditional Chinese Medicine Acupuncture (TCM) began over ten years ago as a recipient himself for muscular skeletal pain following a work-related injury and then to successfully stop smoking. He made the decision to change career and graduated with a BSc (Hons) in TCM Acupuncture from the University of Lincoln where he completed over 500 hours of clinical practice. He also spent several months studying in Kunming City, China, in 2011 observing Chinese doctors in an Oriental Medical clinical setting, applying Acupuncture, Moxibustion and Cupping techniques to patients whilst studying Oriental Medical theory at the clinic through the tutelage of the resident Chinese Doctors.

With full professional accreditation with the British Acupuncture Council, no condition is too complex. Conrad particularly enjoys treating all muscular skeletal conditions but is equally happy to treat any condition from headaches and migraines, through menopausal symptoms to mental and emotional conditions. With training in Tuina (a traditional Chinese form of massage), becoming a Reiki Master in 2009 and an avid yoga enthusiast, Conrad has a passion for encouraging holism. Conrad has a dedication and compassion for his clients and a deep-seated conviction that acupuncture is an exceptional alternative therapy to bring about holistic change in the human body with no side effects.

## HIDDEN GEM IN THE HEART OF HESWALL 28 Boundary Lane, Heswall

Smith and Sons are delighted to offer this rare opportunity to purchase a pair of sandstone cottages within a sought after residential area of Heswall.

The properties which have been linked at ground floor level are set back from Boundary Lane in a quiet location yet within a few minutes walk of Heswall Town Centre.

The large idyllic gardens are well stocked and laid out to provide an orchard, vegetable garden, lawns and country garden. There are a range of stores along with a sandstone garage.

This is an ideal opportunity to sympathetically restore and extend the buildings to create a beautiful family home whilst retaining a number of original and traditional features.

**Viewing is highly recommended and can be arranged by telephoning Smith and Sons on 0151 647 9272.**

**All available lots can be viewed on our website at [www.smithandsons.net](http://www.smithandsons.net)**
