Traditional Chinese Medicine in West Kirby

Conrad Nix's interest in Traditional Chinese Medicine Acupuncture (TCM) began over ten years ago as a recipient himself for muscular skeletal pain following a work-related injury and then to successfully stop smoking. He made the decision to change career and graduated with a BSc (Hons) in TCM Acupuncture from the University of Lincoln where he completed over 500 hours of clinical practice. He also spent several months studying in Kunming City, China, in 2011 observing Chinese doctors in an Oriental Medical clinical setting, applying Acupuncture, Moxibustion and Cupping techniques to patients whilst studying Oriental Medical theory at the clinic through the tutelage of the resident Chinese Doctors.

With full professional accreditation with the British Acupuncture Council, no condition is too complex. Conrad particularly enjoys treating all muscular skeletal conditions but is equally happy to treat any condition from headaches and migraines, through menopausal symptoms to mental and emotional conditions. With training in Tuina (a traditional Chinese form of massage), becoming a Reiki Master in 2009 and an avid yoga enthusiast, Conrad has a passion for encouraging holism. Conrad has a dedication and compassion for his clients and a deep-seated conviction that acupuncture is an exceptional alternative therapy to bring about holistic change in the human body with no side effects.

80% SALES AT SMITH AND SONS SUMMER AUCTION

Smith and Sons summer auction had a success rate of 80% of lots sold, realising a value of over £2million.

Held at the Village Hotel in Bromborough, the Wirral auctioneers offered 25 quality lots to a packed room resulting in fierce bidding with several lots achieving prices significantly above the guide.

Lot of the day was a delightful sandstone cottage in Heswall (see pic). Guided at £180,000, the property eventually sold for £310,000, whilst a large property in St James Road, Birkenhead sold for £122,000 against the guide price of £40,000 - £50,000.

A modern development of five apartments in New Brighton close to the promenade sold for £605,000 and a semi-detached home in Rock Ferry sold for £72,000 against a guide of £40,000-£50,000.

Chris Johnson, Auctioneer at Smith and Sons, commented "This was great sale producing a fantastic result. The room was particularly competitive with parties bidding feverishly for specific lots and pushing values far above the guide.

"The room was made up of a diverse mix from investors and developers to builders and first time buyers. All of the lots provided good potential for profit and high yields set at realistic guides, which were reflected in the final result."

Smith and Sons next auction is to be held on 18th September with a closing date for entries of 16th August. For further details or to request a free appraisal please contact Annette Shelley or Hollie Llewellyn on 0151 647 9272 or email aas@smithansons.net
